Cage

Ed Carlsen

Only wanting to be held
Still kept in the blind
In the morning cold and rain
When everything is still untouched

Courage don't fail me
For now I'm learning
Courage don't leave me now

Reveal it
Our place untold
Just breathing
So uncontrolled

Courage don't fail me
For now I'm learning
Colors don't leave me now

Reveal it
Just breathing
Colors don't leave me now
For now I'm learning
