

Maybe

Nat And Alex Wolff

Beep, beep, oh look, now there goes my phone
And once again I'm just hoping it's a text from you
It ain't right, I read your messages twice, thrice
Four times a night, it's true
Everyday I patiently wait
Feeling like a fool but I do anyway
Nothing can feel as sweet and as real
As knowing I wasn't waiting in vain
And maybe it's true, I'm caught up on you
Maybe there's a chance that you're stuck on me too
So maybe I'm wrong, it's all in my head
Maybe we're afraid of words, we both hadn't said
I'm always connected on-line, check face book all the time
Hoping you've checked my profile
Just can't help wondering why you play it cool
But see I'm hopelessly falling for you
Every night on my phone I flirt with you
And I know that you like it, girl
All jokin' aside, what say? You and I
Come out and say what we're trying to hide
And maybe it's true, oh, I'm caught up on you
Maybe there's a chance that you're stuck on me too
So maybe I'm wrong, it's all in my head
Maybe we're afraid of words we both hadn't said
Like I really want you, I think I need you
Baby, I miss you, I'm thinking of you
Like I really want you, I think I need you
Baby, I miss you, I'm thinking of you
And maybe it's true, oh, I'm caught up on you
Maybe there's a chance that you're stuck on me too
So maybe I'm wrong, it's all in my head
Maybe we're afraid of words we both hadn't said
And maybe it's true, I'm caught up on you
Maybe there's a chance that you're stuck on me too
So maybe I'm wrong and it's all in my head
Maybe we're afraid of words we both hadn't said
Maybe it is true, I'm caught up on you
Maybe I am wrong, baby, I miss you
