Shake that baby, drivin' me crazy

I'm on my way to the liquor store
With E-V-E and my nigga Roast
Got too much game to be slippin' on
I let you know if you didn't know
It's 4: 00, club is lettin' out
Met in the club now we playin' house
I'm drunk as hell so I'm showing out
Put on my glove then I knocked it out
I'm on my way to the liquor store

With E-V-E and my nigga Roast
Got too much game to be slippin' on
I let you know if you didn't know
It's 4: 00, club is lettin' out
Met in the club now we playin' house
I'm drunk as hell so I'm showing out
Put on my glove then I knocked it out
I'm on my way to the liquor store
With E-V-E and my nigga Roast
Got too much game to be slippin' on
I let you know if you didn't know

I know, you came to have a fuckin' party
I know it's about time to get shit started
You know, that I'm a bad man
Nobody can do this like I can
I know, you came to have a fuckin' party
I know it's about time to get shit started
You know, that I'm a bad man
Nobody can do this like I can
I know, you came to have a fuckin' party
I know it's about time to get shit started
You know, that I'm a bad man
Nobody can do this like I can

get up, get up
get up, get up

get up, get up
get up, get up
get up, get up
Shake that baby, drivin' me crazy
get up, get up
Shake that baby, drivin' me crazy
get up, get up
