

It's a Set Up

Kurupt

Let's do it doggs, ring ding dong
Bitch, bitch, yeah, what, what, what, what, what?
Beeitch, set up, set up, set up, beeitch, it's a set up
What they're doing? They're trying to They're trying to set me up, they're trying to set me up
They wanna set me up, they wanna set me up
They're trying to set me up, they're trying to set me up
They're trying to set me up but check it out This is it, call it how you wanna call it
Brawling, call in the headhunter, start headhunting
How do you want it? I said we could spread arms
Bust and stare, you wanna snatch a life, is that right? Wanna get rich ass nigga, snitch ass nigga
Fake switch bitch ass nigga, in to get lynched ass nigga
Ain't nothing to it, raw doggs doing the lynching, master assassins
Henchmen, the whole world's against me It's a million to one, Kurupt with one gun and a whole backyard of
ammo
Dump these lumps in nigga's backs like a camel
Get torn and worn just like sandals, now his willy came to an end
You see that nigga he ride with, do him in This nigga's so sweet, he got my girl to set me
Got her with the tech to tack me and disconnect me
There's no holds barred when you're playing Russian roulette
They're trying to catch me, lay me down and sketch me Young gotti, [Incomprehensible]
Bringing the whole fucking entourage of murderous minds
I don't know who rides with a mental dome, who will and who won't
Trust me, they all wanna bust me, it's a set up I don't give a fuck who you bring to the table
And I don't give a fuck who you got with you
You played me, you're Kane and I'm Abel
Now the ammo drops, watch 'fore the Glock hits you, it's a set up Don't you know? You fuck around with death
sentinel
If you didn't learn you'd better start learning, it's a set up nigga
Aiming, bust and hit your left and you're cold
And that's how motherfuckers get murdered Hit the crew, fuck a sun roof, this car is dirty
Dirty, dirty, buster, dirty motherfuckers
Holler at the big homie slop, what up slop?
Hit me on the hip, hit it quick on the dick
Get this rap slapped in the clip You see this black nigga, you'd better duck him
Thorough, in every neighborhood and borough, like motherfuck 'em
Yeah you know me, oh you wanna show me a thang or two
How y'all do, nigga show me, creep through slowly Friction, I can feel it all around me, my intuition
L A gang bang mentality got me on a violent spree, violently
Busting, dusting niggaz off silently

I ain't even trying to be what I can be or could handle
 But niggaz trying to make me an example Go over to the west, niggaz wanna feud
 Go back to the east, niggaz wanna feud
 I'm 'bout to go to the north and south to see, what
 Are y'all niggaz on that same fucking bullshit, 'cuz I don't know I don't give a fuck who you bring to the table
 And I don't give a fuck who you got with you
 You played me, you're Kane and I'm Abel
 Now the ammo drops, watch 'fore the Glock hits you, it's a set up Don't you know? You fuck around with death
 sentinel
 If you didn't learn you'd better start learning, it's a set up nigga
 Aiming, bust and hit your left and you're cold
 And that's how motherfuckers get murdered It's a set up motherfucker, what, set up
 I'm tired of these bitch ass niggaz, it's a set up nigga Can't help it, hoes come through
 Me set, I know 'em, they're out to set me
 They wanna get me, get the homies
 The rainstorm's coming and every motherfucker's trying to wet me Yo it's unforgettable, no you can't touch me
 Clutch me like a mic and do just what you like?
 Hell no nigga, even though you dislike me
 You wanna be just like me, niggaz they despise me See all the homies, I make loot like spike lee
 Dozens, rolling through with me, my homies and my cousins
 I give a fuck nigga, I could stay busting
 And still rock it right and hit the spotlight Shine bright, these fake ass niggaz, snake ass niggaz
 Earthquake ass niggaz, I shake these niggaz
 Shake ass niggaz, thinking you can come through all the time
 Wanna fuck with Kurupt, I just sit, prepare the rhyme Now I'm all about the cash nigga
 Thinking you could come through
 You got your heater cocking on busts you just flashed nigga I don't give a fuck who you bring to the table
 And I don't give a fuck who you got with you
 You played me, you're Kane and I'm Abel
 Now the ammo drops, watch 'fore the Glock hits you, it's a set up Don't you know? You fuck around with death
 sentinel
 If you didn't learn you'd better start learning, it's a set up nigga
 Aiming, bust and hit your left and you're cold
 And that's how motherfuckers get murdered
 Murdered, murdered, murdered, murdered This for al y'all funny style ass niggas, check it
