

# The Beauty Of Who You Are

Marc Broussard

There's a soft sweet space on the back of your neck  
Smells like rain  
There's a way you look at me baby  
Heals my pain  
Now I've studied every inch of your body  
Baby what's on your mind  
The touch of your skin just pulls me in  
Every single time There's a silent conversation  
Filled with hidden revelations  
In your eyes [Chorus]  
Baby in so into you  
Every whisper from you soul to my heart  
Baby I know its true  
You're a sweet little mystery sent to me from the stars  
And that's the beauty of who you are Oh yeah  
There's a faith you're saving for a rainy day  
I could use right now  
There's a way you move my soul to sing  
Only you know how You are sensual salvation  
With the holiest temptation  
Baby I'm never never never gonna be the same [Chorus] I can't explain it  
Only begin to conceive  
All I know is that you make me believe Baby I'm so into you  
Every whisper from you soul to my heart  
Baby I know its true  
You're a sweet little mystery sent to me from the stars  
And that's the beauty of who you are
