It's Showtime

Electric Six

Get out on the floor
Do things to make 'em adore you
Show 'em why you were born
And put a little mustard on itDon't tell me what time it is now
I know what time it is nowIt's show time!
Show time!Teach the world to move to your sound
Hop around and twirl around
And put a little mustard on itDon't tell me who to love or hate now
'Cause I'm totally filled with hate nowIt's show time!One for the money
Two for the show
It is all done with computersHey mister!
Put a little mustard on that mustard!Don't tell me how to do my job now
'Cause I'm totally doin' my job nowShow time!
