

# Just Friends

Chris Montez

There she goes again, the girl I'm in love with  
It's cool, we're just friends, we walk the halls at school  
We know it's casual, it's cool, we're just  
I don't want to lead you on  
No, but the truth is I've grown fond, yeah  
Everyone knows it's meant to be  
Falling in love, just you and me  
Till the end of time, till I'm on her mind, it'll happen  
I've been making lots of plans  
Like a picket fence and a rose garden  
I just keep on dreaming  
But it's cool 'cause we're just friends  
Small talk on IM, just one more sentences  
It's cool, we're just friends  
If I had my way, we'd talk and talk all day, yeah  
Everyone knows it's meant to be  
Falling in love, just you and me  
Till the end of time, till I'm on her mind, it'll happen  
I've been making lots of plans  
Like a picket fence and a rose garden  
I just keep on dreaming  
  
But it's cool 'cause we're just friends  
Thinking about how, we're gonna say our vows  
It's cool we're just friends, she walks down the aisle  
Seeing my face smile 'cause now, we're more than friends  
Everyone knows it's meant to be  
Falling in love, just you and me  
Till the end of time, till I'm on your mind, it'll happen, oh  
We've been making lots of plans  
Like a picket fence and a rose garden  
I just keep on dreaming  
Just keep on thinking about when we used to be just friends  
(La, la, la, la)  
(La, la, la, la)  
(La, la, la, la, la)  
When we used to be, when we used to be  
(La, la, la, la)  
(La, la, la, la)

Just friends  
(La, la, la, la, la)  
When we used to be just friends
