

I Cant Let You Go

Ian Van Dahl

Since you're gone
Everything looks so empty
Without you
The nights are so coldCan you tell
Tell me how to convince you
Please come back
I won't let you down
I Won't let you downI can't let you go
Why can't you stay
Still wonder why
I can't let you go
Why can't you stay
Give it one more try
I can't let you go
I can't let you goAnd I hope
One day you will forgive me
If I could
I would turn back timeDon't you know
That I'm thinking about you
If you knew
Would you change your mind?
Would you change your mind?I can't let you go
Why can't you stay
Still wonder why
I can't let you go
Why can't you stay
Give it one more try
I can't let you go
I can't let you go
