

# Feeling It

## Bright Eyes

How do you do the things you do to me?  
Well, Ian says he's feeling it  
And so are all the boys he's with  
My head is clear, I'm not convinced But still say, 'How do you do the things you do to me?'  
Well, if throwing up is 'feeling it'  
Then Justin is just not interested  
Some things you see might not exist  
But that never lasts that long
