

Step Back in Time

Kylie Minogue

[INTRO:]

I want to funk

I want to f-f-you f-you-n-k[x2:]

I want to funk, I want to funk

I want to f-f-you f-you-n-k[1a:]

Non stop dancing the bus stop

To the funky music

Hustle, pumpin the muscle

Blame it on the boogie[1b:]

Remember the old days

Remember the O'Jays

Walkin' in rhythm, life was for livin'[CHORUS:]

When you can't find the music

To get down and boogie

All you can do is step back in time

Ball of confusion

When nothing is new, and

There's nothing doin', step back in time[2:]

Keep on truckin' along

Riding on a love train

And then we can float on

You'll never go wrong[CHORUS:]Step back in time

Step back

I want to step back, step back[1b:][CHORUS:]

(repeat & fade)
