First Step, Misstep

Face to Face

My life is in the road
I'm going nowhere
Sad sad story, another day
To anything else that you wanna sayThe words are jumbled inside you
Head is like a pizza plate
Moments are shaped by the things you say
Stumble then you fallMy eyes are covered up
But my faith is stronger
By the lie day by day
Trying to say things that you wanna say
The words are jumbled inside you
Head is like a pizza plate
Moments are shaped by the things you say
Stumble then you fall
Then you fallMy pride is beaten up
And I'm gonna push back
John went to struggle, take the day
Loud and this time it's what we sayThe words are jumbled inside you
Head is like a pizza plate
Moments are shaped by the things you say
Stumble then you fall
Then you fall
Fall
Then you fall
My time is almost done
I'm getting older
Little by little, days a break
Parted by the things that you hear them sayThe words are jumbled inside you
Head is like a pizza plate
Moments are shaped by the things you say
Stumble then you fall
Then you fall
Fall
Then you fall
Fall
Then you fall
