

# You're Right

## Babes In Toyland

Desperate digging for conviction  
Harbouring a false shame  
Desperate digging for conviction  
Harbouring a false shame  
Well I guess you're right  
Well I guess you're right  
You said you're right right?  
I guess you're right  
Well I guess you're right  
You're right\* Alright  
Suffering on the house that Jack built  
On a foundation of mud slides  
Suffering on the house that Jack built  
On a foundation of mud slides  
Well I guess he's right  
Well I guess he's right  
Well I guess he's right, right?  
He's always right  
Well I guess you win  
You're right, alright  
Why is it you're always right  
Right  
Well I guess you're right
