

# Friday Night

## The Shires

I, always do what I gotta do  
Yeah, every day like a deja vu  
Monday, Monday It's no fun,  
There's something that's gotta be done  
Can't you see, I just wanna feel  
Young, young again So give me that  
One day, one day Well if you wanna say, hey, take a shot  
1, 2, 3, 4, line them up  
Well, it's alright, on a Friday night  
You don't wanna go home  
No, no, no  
It's not too late to rock and roll  
No, it's alright  
You can, get a little drunk on a Friday night  
(Night, night)  
Get a little drunk on a Friday night  
(Night, night) So hey, tell me what you're drinking  
And I, I'll tell you what I'm thinking  
Now, now It wouldn't be wrong  
If you stayed here all night long  
Forget about all your 'should do', 'have to's'  
Leave them till tomorrow Well if you wanna say, hey, take a shot  
1, 2, 3, 4, line them up  
Well, it's alright, on a Friday night  
You don't wanna go home  
No, no, no  
It's not too late to rock and roll  
No, it's alright  
You can, get a little drunk on a Friday night  
(Night, night)  
Get a little drunk on a Friday night  
(Night, night) (Put those glasses in the air!)  
(Put those glasses in the air!) So hey, tell me what you're drinking  
And I, I'll tell you what I'm thinking  
Now, now. Well if you wanna say, hey, take a shot  
1, 2, 3, 4, line them up  
Well, it's alright, on a Friday night  
You don't wanna go home  
No, no, no

It's not too late to rock and roll  
No, it's alright  
You can, get a little drunk on a Friday night  
(Night, night)  
Get a little drunk on a Friday night  
(Night, night)(Put those glasses in the air)  
(Night, night, night)  
Hey, you can, get a little drunk on a Friday night
