In the corner, in plastics and red, she was a I had a sister twisted
I had a sister twisted Pick it out, pick it out and make it somewhere
Pick it out, pick it out and make it somewhere, oh!
Pick it out, pick it out and make it somewhere I had a sister twisted In the corner, in plastics and red, she was a
In the corner, in plastics and red, she was a
In the corner, in plastics and red, she was a
In the corner, in plastics and red, she was a In the corner, in plastics and red, she was a
In the corner, in plastics and red, she was a
In the corner, in plastics and red, she was a
Pick it out, pick it out and make it somewhere In the corner, in plastics and red, she was a
Pick it out, pick it out and make it somewhere
In the corner, in plastics and red, she was a
Pick it out, pick it out and make it somewhere
Somewhere else I had a sister twisted
I had a sister twisted
