

# Game Of Diamonds

## Deerhunter

No one ever talked to me  
Now I've forgotten how to speak  
A problem with my chemistry  
Now I cant sleep and I won't, eat  
As soft as a strangers hand  
I counted every grain of sand  
I walked every inch of land, I knowSo strong, I know  
So strong, I know  
So strong, I know  
So strong, I knowNo one ever walked with me  
I got so tired on my feet  
I lay drunk on the bowery  
Time never meant much to me  
As soft as a strangers hand  
I counted every grain of sand  
I walked every inch of land, I knowSo strong, I know  
So strong, I know  
So strong, I know  
So strong, I know  
So strong, I know  
So strong, I know  
So strong, I know  
So strong, I know  
So strong, I know
