

# Magic

## Natalia Damini

Dont know what you do to me (to me to me to me)  
I don't sleep at night I can't rest  
I'm finding it hard to pretend  
that you don't affect me  
I'm seeing your face where it's not  
that abacadabra you got  
turns me in knots  
i can't move without youWhere do I go from  
I'm not used to giving and  
You've taken from me  
my ability  
And when I ignore you  
I still can't avoid you boy  
You've taken from me  
my stabilityIt's magic  
(baby it's magic uuh baby)  
boy you put your magic on me, on me on meIt's magic  
(baby it's magic (uuh baby) baby it's magic)  
Ohh it's all that I see  
(baby it's magic, baby it's magic)Don't wanna give in to you (to you to you to you)  
I feel like I'm losing myself (myself)  
How couldn't I be somewhere else  
the moment you met me  
i hang on each word that you said  
It's running around in my head  
so give me try I can't move without youWhere do I go from  
I'm not used to giving and  
taking from me  
my habilityWhen I ignore you (Ah)  
I still can't avoid you boy  
taking from me  
possibilityIt's magic  
(baby it's magic uuh baby)  
boy you put your magic on me, on me on meIt's magic  
(baby it's magic (uuh baby) baby it's magic)  
Ohh it's all that I see  
(baby it's magic, baby it's magic)I search thru any part of me  
and I can't find the remedy  
It seems you gotta a hold on me

It looks like every into me  
Guess this is it  
Guess it's like that  
When I push you away  
You come right back  
If I need it some space  
I never noticed  
Cuz u've stolen my heart  
and left me hopeless
