

# Good Thangs

Ray J

Good thangs, oooh, oh, yeah  
I just want to do good things  
Good thangs, good things to ya  
Sugar dumpling you got me feelin' for ya  
In so many ways that I can't remember my name  
You got the ride, that I want to drive  
You got the groove that suits with the all good things  
Ain't nothing better than  
When I hold you close  
Ain't nothing better than  
The way you turn me on, and on  
Cause baby baby, you know you make it right  
Each and every time I look in your eyes I  
I just want to do good things  
Good thangs, good things to ya  
I just want to say the things,  
Good thangs, good things to ya  
Good thangs  
Honey honey, you got me going crazy  
Cause everywhere I look it's you that I see  
I'm on a high, way up in the sky  
Above the clouds where all the birds do fly  
Ain't nothing better than  
When I hold you close  
Ain't nothing better than  
The way you turn me on, on  
Cause baby baby, you make it all so right  
And I don't want it to come as no surprise  
I just want to do good things  
Good thangs, good things to ya  
I just want to say the things,  
Good thangs, good things to ya (2x)  
Good thangs to ya, good things to my girl  
Good thangs to ya, good things to my girl  
I just wanna(2x)  
I just want to do good things  
Good thangs, good things to ya  
I just want to say the things,  
Good thangs, good things to ya
