

# Holy Roller

## AWOLNATION

Hold your head up high, everyone can see  
Not afraid that I need your love  
Raining from my eyes, crashing at my knees  
Not afraid that I need your love Holy Roller, blow me over  
Holy Roller, blow me over Wouldn't it be nice drifting out to sea  
With my swollen eyes I need your love  
Tell me where you hide, tell me where I bleed  
Maybe I'm too shy I need your love Holy roller, blow me over  
Holy roller, blow me over  
Aha  
Aha  
Aha Holy roller, blow me over  
Holy roller, blow me over It's a cold cold brutal world  
Aha  
Aha  
Aha  
It's a cold cold brutal world
