Lonely

Kim Lukas

If I close my eyes I can see you
In my arms I can feel you
Holding on to what was
I'm lonely..... So lonelyWhy is life so hard on me
Now you're not a part of me
Pain hurts unforgettable truth
I'm lonely..... So lonelyOhh it's a wide wide world
Cause I know without you near, I can't live
Ohh it's a wide wide world
Cause I know without you here I can't live.....I'm lonelyI cry in the dark there is no sky
In my head switch off the light
Heaven is far from here
I'm lonely..... So lonelyOhh it's a wide wide worldOhh it's a wide wide worldI'm lonely..... So lonely
I'm lonely.....
