

# Everytime (feat. Jeezy)

## French Montana

Hey, yeah  
Watch-watch-watch this  
Standin' on the couch, we got it lit (yeah)  
Scorin' with your bitch, now that's a swish (yeah)  
It's a movie every time our diamonds flick (every time)  
Leave it up to me, this money I'ma get it (haah)  
I'ma get to the money every night (oh)  
When I see her I'ma hit her every night (oh yeah)  
I throw it up, she bust it open every time (oh)  
I throw it up, she bust it open every time  
I do it every time, do it every time  
Diamonds blue, Carolina shinin' every time  
Top off while we smoke the weed up  
Diamonds shine like (?) by the P's  
Hit it once and I'ma do it all over  
Chargin' double for the ounces, I'm ridin' with the Cobra  
If it ain' the blue, I mixed the Henny with the soda  
100,000 ones, watch them bad bitches clean it up  
Every time I see her, she bust it open every time  
When the feds hit you, you was tellin' every time  
When the cameras hit us, we was shinin' every time  
Pull up to the spot, Europeans every time  
Standin' on the couch, we got it lit (yeah)  
Scorin' with your bitch, now that's a swish (yeah)  
It's a movie every time our diamonds flick (every time)  
Leave it up to me, this money I'ma get it (haah)  
I'ma get to the money every night (oh)  
When I see her I'ma hit her every night (oh yeah)  
I throw it up, she bust it open every time (oh)  
I throw it up, she bust it open every time  
Nothin' but the truth in every line  
I need all mine nigga, every dime  
My diamonds dancin', Kevin Federline  
Who got the plug on the Britney? Never mind  
What you know bout havin' 60 for a kilo?  
Told 'em give me two nigga like a free throw  
Nothin' but net baby, swish

See that California came with them horses

Full clip every time, we shootin' out the Wraith, ayStandin' on the couch, we got it lit (we got it lit)
