

A Kernel of Wheat

Tent Makers

A kernel of wheat, if it falls upon the earth to perish

A harvest of new life will rise up from the ground

If I lay down my life to die for the Lord

He'll give us great revival to cover all the earth

Chorus:

Lord take my life, Lord I desire

To be the seed that falls to the ground and dies

Laying down my life to see new life

It's my desire, Lord I desire

All of my rights and my heart, I give to you

Through my life, Lord let your will be done

Bridge:

To the ground we're falling, as a kernel of wheat

All our lives we're giving, to your holy calling

We will not stop running, till we see your coming

We will see the victory, eternal heaven's glory
