Wanted to do me, started to chew me, then she blew me
Ya'll stay off my level six You can't proceed I'm like a rebel kid
Makin' the devil get mad, when the bass and treble hit
So wise up, keepin' yo eyes up
I'm lookin' for bitches and bitches to size up I bust one and thumps one, I bust two and rise up
I'm ready to slide my dick in something hot as wet as you

Fuck the cheese and bragger
Before I knock her out, beat her down and drag her 'Cause niggas be takin' the pussy
Just give it up to me bitch, don't fight it
The last bitch that tried it, don't fight it
I'm just like a bloodhound You lick my balls and give me a rub down
You want me to eat your pussy but you stank bitch
Go scrub down, I get up inside the pussy, spend my day in it
Lay in it, play in it, wake up and go to sleep and still stay in it Imagine my dick's the basketball
Yo pussy is the basket
I'm a dunk, smell the room you stank bitch
'Cause you gave up the funk Ooh, givin' up the funk
Ooh, givin' up the funk Now, as I slide on this track, I won't be dissin' no bitches
I'll just be clockin' my riches, so bare witness as I spit this
Shit that gives you the mumps 'cause it bumps so tremendously
And niggas be knowin' they flowin' up tigh as they pretend to be Some shit that they ain't, some niggas front but
I can't
I'm sippin' tough on the drink and makin' barrels of bank
Yeah, so niggas save that punk shit
I'm stickin' to that funk shit 'Cause that's how I was raised and my real niggas want this
So nut up or keep walkin' and shut the fuck up
When grown folks is talkin' nigga, before you get your back broke
Now what you wanna fuck with a Oakland City Mack for? The place you can trip on
Where the niggas be mackin', stealin', killin'
And pimpin' to get they crip on and take it to the next phase
We goin' city to city, leavin' hoe's in a daze That's why they call me bad ass
'Cause I be puttin' boogers on bitches and fartin' loud with my fat ass

But yo, I gets paid for that
And it's a fact I was strictly just made to Mack So what the fuck you know about me
A loked out, funky ass pimpin' OG
Fool, you can open your eyes but you can't see
I just gave up the funk, now I'm O U TOoh, givin' up the funk
Ooh, givin' up the funk
