

# Tumor

Allie X

they love to love / you love to love you when you're up  
they never touch / you never touch your blood and gutsin neverland you're never free  
you see what you want to see  
I've been watching the swelling grow  
I've always known...  
when this is over  
I'll need a surgery  
'cause you were a TUMOR  
you'll leave a hole inside of me  
it's high risk  
not hopeless  
I'm conscious  
when this is over  
when this is over  
I'll still be letting it growwish I could say / wish I could say I didn't know  
I had the vision / had the feeling all alongstill I followed, I took your lead  
swallowed the toxic, magic weeds  
I've been watching the swelling grow  
I've always known...  
when this is over  
I'll need a surgery  
'cause you were a TUMOR  
you'll leave a hole inside of me  
it's high risk  
not hopeless  
I'm conscious  
when this is over  
when this is over  
I'll still be letting it growI'll still be letting it grow  
I'll still be letting it growI'll still be letting it grow
