

Strange Clouds (Live Snippet)

B.o.B

Yeah, haha

Oh you already know what we gon' do

Hey Well if you guessin' it's me, you guessed correctly

I just stay with a stallion, you would swear I was an equestrian

And um, I'mma hit her with that pipe, call that Nancy Kerrigan

Stay on the greenest greens, call us vegetarians

You be on that minor league, but we smoke professionally

I do my job exceptionally, on point like a decimal is

The way I ride on the beat man

I beat every street, it's done so effortlessly

Yeah, so these niggas can't sleep on me, there's no Inception in this bitch

I'm top chef, you top Ramen, I'm top shelf

No last call, to the bartender, "what you got left?"

Pour it up, don't stop there, hold your cup, take a shot, yeah

All night we celebrate, cause we everywhere and you not there All we do is pour it up all night, drinks out

(That's all we do, that's all we do)

And all we do is light it up, all night

All you see is strange clouds

(Strange clouds, strange clouds) All we do is pour it up all night, drinks out

(That's all we do, that's all we do)

And all we do is light it up, all night

All you see is strange clouds

(Strange clouds, strange clouds) Uh, blue jeans, I'm faded, mindin' my own data

Smokin' on that strong, that Arnold Schwarzenegger

It's Tunechi Lee, you bitch you

You hot as a igloo

Kick back on that Glock, call that Jiu Jitsu

Hello world, I'm with a yellow girl, number two pencil

These rappers is washed up, spin cycle, rinse you

My nigga, all day, all night, half-pipe

I dive in that pussy, ya I belly flop, I jack knife

And shit, tell my homies that I say it's a party

Yeah, got that tech for technical difficulties

I'm top dog, you top ramen, I'm top dog

Piru, gangsters, outlaws! All we do is pour it up all night, drinks out

(That's all we do, that's all we do)

And all we do is light it up, all night

All you see is strange clouds

(Strange clouds, strange clouds) All we do is pour it up all night, drinks out

(That's all we do, that's all we do)
And all we do is light it up, all night
All you see is strange clouds
(Strange clouds, strange clouds)Well ain't no question, yes, it's B.o.B., yes definitely
Up in the studio, I got all my necessities
Look, if you want that real shit, you made the right selection
I'm Decatur 'til I die, yes I rep that definitely
They say I'm a celebrity, what the fuck's a celebrity?
I guess I must invest in the proper form of protection
And I say it's a curse, but it's been mostly a blessin'
To a nigga from the hood
Tryin' to aim for the top, I didn't even need no directions
I just wake up then I roll up the purp
But these niggas wake up on my dick, at least have some breakfast first
Nigga keep your nourishment first, and your mind on my lyrics
Cause what you hopin' to accomplish, I already did it
Bitch!All we do is pour it up all night, drinks out
(That's all we do, that's all we do)
And all we do is light it up, all night
All you see is strange clouds
(Strange clouds, strange clouds)All we do is pour it up all night, drinks out
(That's all we do, that's all we do)
And all we do is light it up, all night
All you see is strange clouds
(Strange clouds, strange clouds)
