Breakfast In Fur

Taken by the older steps,
I'm holding on, don't lose me yet.
Waiting for the days gone by,
I'm holding on, don't close your eyes. Cityscape tonight unreal,
I'm holding on to the way that I feel.
The shape of time surrounds you now,
Keep holding on, don't lose your ground. I'd like to sleep a thousand years,
Keep holding on, I'll be right here,
Waiting in the days gone by,
I'm older now, stepping out of time.
