

Tokyo

Athlete

I am Tokyo, I am here
I am blazing lights on your street I'm an upstart, bound to cross you
I'm the hypocrite by your side She won't forget
And I won't forget And no one around could tell us apart
'Cause we were one mouth and one robot heart I am Tokyo, I am here
I am neon signs on your street I'm an army of wind turbines
Marching over your countryside She won't forget
And I won't forget And no one around could tell us apart
'Cause we were one mouth and one robot heart There's never enough time
Only, only a glare off rainbow bridge
Pin prick to the heart
Again and again, I felt every spark She won't forget
A I won't forget And no one around could tell us apart
'Cause we were one mouth and one robot heart
We're burning through town like there's nothing to lose
'Cause we were one mouth and one robot heart
