

Infinityâ‰ Zero

nano

There's nothing in this world to believe in
You try to break the curse you live in
Kono unmei o kae rarerunara

Don't you let your life slip through your fingers

The clock ticks behind their lies
And their distant eyes are shouting words left unspoken
Our bitter tears are unwelcome here
JunjÅ• na kako no yÅ• ni wasurete iku nda
I'm so lost again
Deep down, just regret and anger

This is the chance that you've taken
Trapped in your own neglection
Your time has been moving on
Kotae nai jinseirondarou
you'll find the way

Turn of time
(don't look away, it's a time the world could change)
Take me on
(don't let it go, there's a light that waiting)
Ushinai jinseirondarou

Show me how
(don't look away, it's a time the world could change)
To go on
(don't let it go, be the light to shine on)
Mienakutomo tashika na kokoro o nigirishime
Te o nobashita sono sakini wa
INFINITYâ‰ ZERO

I'm counting the days gone by
And beneath their shadowed smiles are hearts that are broken
A time of judgement lingers near
Aimaina mirai ni madowasa reru nda
Falling back again
Long gone, just pain and sadness

This is the choice that you're faced with
Blind by your own misconceptions
Your life, let it lead you on
Owari no nai risÅ•-rondarou
you'll see that fate is in your hands

When everything you've placed your faith in
Is nothing but a fading vision
These vital signs that beat within you
Will take you to the only answer
Sakebi tsuzukete mo todokanai to shitte mo
Bokura wa ima mo negatte...

Be the light, make a change
Sagashi teta bokura no jikan o ikite

Turn of time
(don't look away, it's a time the world could change)
Take me on
(don't let it go, there's a light that waiting)
KÅ•kai no nai sonzai no akashi o nigrishime
Te o nobashita sono sakini wa
INFINITYâ% ZERO
