Wow

Spin Doctors

This stupid production is making me think
That history's drawn in invisible ink
Too many graves and not enough houses
Not enough men and too many mousesWe're wearing new rags and we fight over crude
Not enough kind and too many rude
Flashbulbs popping at the Wicked Parade
Don't wake us up till we're all got it madeSmile for the camera and raise your glass
Pull up your socks till they cover your ass
(Say goodbye, say goodbye)
No more mama's apple pieDamn, the torpedoes and take a bow
It'll always be now
All the children say, wow
(Say goodbye, say goodbye)
No more mama's apple pieCovers are blown at the masquerade
When the rain starts falling on the Wicked Parade
Tell another lie hope you don't get caught
But you better not cry when your soul's been boughtLifeboats floating out on the flood
Blood's thicker than water, love's thicker than blood
Another bullet leaves another mother bereft
And the sergeant says, "To the left"Smile for the camera and raise your glass
Pull up your socks till they cover your ass
(Say goodbye, say goodbye)
No more mama's apple pieDamn, the torpedoes and take a bow
It'll always be now
All the children say, wow
(Say goodbye, say goodbye)
No more mama's apple pieTo the left, to the left
To the left, to the leftSmile for the camera and raise your glass
Pull up your socks till they cover your ass
(Say goodbye, say goodbye)
No more mama's apple pieDamn, the torpedoes and take a bow
It'll always be now
All the children say, wow
(Say goodbye, say goodbye)
No more mama's apple pieTo the left, to the left
To the left, to the left
To the left, to the left
To the left, to the leftSmile for the camera and raise your glass
Pull up your socks till they cover your ass

(Say goodbye, say goodbye)
No more mama's apple pieDamn, the torpedoes and take a bow
It'll always be now
All the children say, wow
(Say goodbye, say goodbye)
No more mama's apple pie
(Say goodbye, say goodbye)
No more mama's apple pieSmile for the camera and raise your glass
Pull up your socks till they cover your ass
(Say goodbye, say goodbye)
No more mama's apple pieDamn, the torpedoes and take a bow
It'll always be now
All the children say, wow
(Say goodbye, say goodbye)
No more mama's apple pieWow, all the children say, wow
(Say goodbye)
No more mama's apple pie
(Say goodbye, say goodbye)
