

# Keeper of My Heart

## Bob Wills & His Texas Playboys

Bob Wills & His Texas Playboys  
For the Last Time  
Keeper of My Heart  
If again you were just mine  
The sun for me would always shine  
Though fate has ruled that we must part  
You're still the keeper of my heart Each night now down upon my knees  
I pray that you'll remember me  
And when we're many miles apart  
You'll be the keeper of my heart BREAK All alone without your love  
I've asked our Keeper up above  
To guide your little footsteps back to me  
Without you life's no good you see  
The treasured memories that burn  
I'll keep and I will always yearn  
For the love that once was part  
Of the keeper of my heart
