

My Record Company

K's Choice

Beware, beware
They're on their way
They're getting closer every day
But I'm prepared
I'm sure some common sense will
Blow them all away
They like your band
They shake your hand
They smell like food that has gone bad
Today it's you
Today will pass
Oh I'm so sick of all this trash
Don't take it personally, oh no
And sometimes in the middle of
The roaches' nest
You'll find a little soul
That understands the content of a song, so
Don't take it personally, oh no
Oh no
Yeah
