

Since You've Been Gone

The Outfield

Since you've been gone
There's somethin' I wanna say
Since you've been gone
There's no one taking your place Since you've been gone
I've just been foolin' around
Since you've been gone
This world's been turned upside down Didn't think I'd find a girl
That I could not forget
Anything we started
Not so long ago ain't over yet Since you've been gone
Starin' at your photograph
And I know it won't be long
And I know you're comin' back You turned me on
Since the first time I set eyes on you
You turned me on
Ooh, the things that you want me to do But don't get me wrong
'Cos you're not the only girl I've ever had
But since you've been gone
Girl you know that the thought of you is drivin' me mad All I do is think of you
I lie awake, lie awake
And no matter how I try
This loneliness you know I can't take Since you've been gone
Starin' at your photograph
And I know it won't be long
And I know you're comin' back, yeah Since you've been gone
There's somethin' I wanna say
Since you've been gone
There's no one to stand in my way Since you've been gone
I'm so scared of losin' this time
Since you've been gone
Girl you know that I can't get you out of my mind Since you've been gone
Starin' at your photograph
And I know that I was wrong
And I know you're comin' back Since you've been gone
I tried my best to read between the lines
If some things are hard to say
You better tell me one more time Since you've been gone
Since you've been gone
Since you've been gone

Since you've been gone
