

Just a Minute

Moonchild

just a minute
that's all I need
just need a little time to breathe baby
feel it with me oooh
no, ain't nothing to see no
horns
carry on, carry on with me
won't be long, nojust a mintue
trying to find
the silence for my mind
oooh, please please
hornsjust a minute
gonna be, I'm gonna be there
and we gonna have a good time but
I need a minute oooh
hey, that's all I need
