

Disease

Jenny Franck

Hey man don't compromise this
 â€¢ If you can't justify it
â€¢ Our minds are cluttered with Disease
 â€¢ I look inside myselfâ€¢
 I'm full of nothing well
â€¢ I guess I sold myself to youThese walls have broken meâ€¢
 They're filled with what I see
 â€¢ I can't escape what's bitten meâ€¢
 You're there inside the flames
 â€¢ Pushed up beneath your shame
â€¢ I can't release what angers meHey man don't compromise this
 â€¢ If you can't justify itâ€¢
 Our minds are cluttered with Disease
 â€¢ I look inside myself
 â€¢ I'm full of nothing well
â€¢ I guess I sold myself to youIt's gone away from you, thrown awayâ€¢
 Out chasing everything I couldn't save
 â€¢ Wanted to show you how much better off I'd be
â€¢ I am blinded by the will it takes to breathHey man don't compromise this
 â€¢ If you can't justify itâ€¢
 Our minds are cluttered with Disease
 â€¢ I look inside myself
 â€¢ I'm full of nothing well
â€¢ I guess I sold myself to youIt's gone away and I can't ever go back home
 â€¢ What's left of me is just my body and my bonesâ€¢
 Oh can't you hear me calling outâ€¢
 Oh I have tried to go back homeâ€¢
 Where I believed in meâ€¢
 Oh I was beautifulâ€¢
 Oh I was beautiful
â€¢ Oh I was beautifulI lost my way and now I find
 â€¢ I'm standing here outside your line
â€¢ I try to find a way to get homeâ€¢â€¢ I wanted you to always know
 â€¢ My love for you inside me grows
 â€¢ I try to find a way to get home
 â€¢â€¢
 If this is life what's suicide
 â€¢ It's looking rather stale tonight
â€¢ I try to find a way to get homeâ€¢â€¢ Try to find a way to get home

â€¢Try to find a way to get home
â€¢Oh I try to find my way
