Meeting Place

Aaron Anderson

If the day comes
When doubt surrounds you
And it feels like there is nothing left to hold on to
Don't run
More pain will find you
When all the words we've said
Now seem to bind you

Well if we get lost out there
Like children at the fair
There's a meeting place I know
It's right where I will go
Well if we get lost out there
Off the grid without a prayer
Well promise, baby,
You'll meet me back in love.

No one
Could come between us
But there are things we haven't seen, and I know they've seen us
It's no fun
To talk about it
But I'd rather have a plan then get lost without it (Ohh, oh)

Well if we get lost out there
Like children at the fair
There's a meeting place I know
It's right where I will go
Well if we get lost out there
Off the grid without a prayer
Well promise, baby,
You'll meet me back in love.

Cuz' love remains the same
Love that takes the blame
Even when is what we've done (Ohh, oh)
Yeah love remains the same
Love that took the blame
Even when I was the one

If we get lost out there
Like children at the fair
Well there's a meeting place I know
It's right where I will go
If we get lost out there
Off the grid without a prayer
Well promise, baby,
You'll meet me
If we get lost out there
Like children at the fair
There's a meeting place I know
It's right where I will go
Well f we get lost out there
Off the grid without a prayer
Well promise, baby,
You'll meet me back in love.
Well promise, baby,
You'll meet me back in love.
