-Patience, ain't no virtue of mine. My patience, is wearin thinner all the time. (X2)

-Stole a kiss from my lips cuz I knew that she wouldn't give it freely. Why must I always be the last to arrive.
(X2)

-Believe, I don't believe in anything. (X4)

-Can never let you see, the darkness dwelling deep inside of me. I wanna let you bleed, and suffer alone.

-Stole a kiss from my lips because I knew she wouldn't give it freely. Why must I always be the last to arrive.
(X2)

-Believe, I don't believe in anything. (X4) (*background whispers* I wanna know, can never let let you see.
Soft hums)

-Neither here, neither there neither anywhere. I am nothing, No I am nothing till I am found. (X2)

-Can never let you see, the darkness dwelling deep inside. I wanna let you bleed, and suffer alone.
