

Why Oh Why

Michael Franti & Spearhead

Do da en de da en dai
Do da en de da en dai
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
Skies are blue and the day is light
I look into the sun
I see your face and your smile is bright
The clouds are on the run
You ask me why I look so sad
But I find the words to say
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
You're getting close and I kiss your lips
I never felt so strange
I feel your soul on a different trip

It's time to rearrange
You ask me where all the love is gone
But I find the words to say
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai

You're getting close and I kiss your lips
I never felt so strange
I feel your soul on a different trip
It's time to rearrange
You ask me where all the love is gone
But I find the words to say
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
Do da en de da en dai
It's a feelin' I've got inside
Tell me just why, oh why
Do da en de da en dai
