Making Movies

Nelly

Have a drink, just get it in
Where your girls at? Call your friends
Let the top bagging, we can take a spin
Roll it up and we can blow it in the windWhat you mean, we hit the mall
Tell your man you gonna holla him tomorrow
And later on I'm gonna show you how to ball
But tonight shawty we gonna do it allSo what you waiting on, I'm a come get you, girl
Just hit me when you're leaving the club
Don't put them panties on, girl you ain't gonna need 'em
'Cause I promise I'd be tearing it up'Cause we don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your bootyWe don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your booty
Turn the lights offBack it up, bend it over, put it on me girl and drive
Go for what you know 'cause I love it when you're on top
This exciting when you're biting, you're fighting to get the spot
You can get that gwaup as long as you don't stopOn your back with your legs up all up in the air
Just keep 'em right there, you won't find nothing better
You're dealing with a playa, yeah the man right here, girlSo what you waiting on, I'm a come get you, girl
Just hit me when you're leaving the club
Don't put them panties on, girl you ain't gonna need 'em
'Cause I promise I'd be tearing it up'Cause we don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your bootyWe don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your booty
Turn the lights offI don't care, let 'em stare, they're gonna be the audience
We're gonna be the superstars, we'll be performing for all of 'em
You gonna scream my name and I'll put your name in the lights
I'm a change your life, stay with me tonight'Cause we don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your bootyWe don't make love, we'd be making movies
We don't make love, we'd be making movies

Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your booty'Cause we don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your bootyWe don't make love, we'd be making movies
We don't make love, we'd be making movies
Girl, this ain't the time, me in the jacuzzi
Watching all the signs running down on your booty
Turn the lights off
