

Every Time Christmas Comes Around

MICHAEL MCDONALD

Old man winter's coming on
The nights are long and the days are gray
The fading sound of the robin's song
Summer days seem a lifetime away
It's the time that we look to each other
To raise our spirits and chase the blues away
That time of year when we all get together
I see it comin' I can hardly wait[Chorus]
It's all right I can't stop thinking 'bout it
It's a good life no time to be sad
I feel so right every time Christmas comes around
Children's laughter and the snow on the ground
Starts lifting my heart up baby
I feel the love and the joy all around
That's how I know that it's Christmas darlin'
So glad that we've still got each other
And this love is a gift we'll exchange
A prayer for peace for my sisters and brothers
Let's ring the bell and bring on the holidays[Chorus]
