

# Great Beyond

[Aimee Mann](#)

Go, honey go -  
Into the ocean  
Go, honey go -  
Into the great beyond  
Til you're good and gone  
And you can hide away for  
When everything goes wrong  
Honey - go  
Go, honey go -  
If I were you I would  
Leave this neighborhood  
Away from people who never  
Treat you like they should  
Honey - go  
Go  
In the woods or in the ice and snow  
Where there is  
No one else you know  
You've really nowhere  
Else to go  
So honey go  
Go, honey go  
Cause it's a dead end street  
And it's a street in a town  
Where winning isn't sweet  
And every win  
Is the beginning of defeat  
So honey - go  
Go
