

The Joy of Redemption

Camp Chayolei Hamelech

Davening concluded Shabbos afternoon
Chassidim are singing, excitement fills the room
Mendel feels the warmth of his father's hand
Come along, my son, the Geulah is at hand

The dancing increases, Mendel sings along
His heart starts jumping to the rhythm of the song
My son, hear zich tzu as I explain to you
How all this dancing has to do with you

For soon the Geulah will finally be here
The chain of golus will almost disappear
Together we will fly on clouds so very high
To the Beis Hamikdash, coming from the sky

(Chorus)

The streets will be rushing, we'll dance night and day
Our joy will be endless, l'chaim we will say
The world will tremble, the nations will all know
That Moshiach is already home

(End chorus)

The shofar will be blowing, we'll speak of His name
And the world forever will be changed
We'll see the Rebbe's smile
Millions will roar Yechi Hamelech forever more

Mendel my son, it's up to you and me
To make the Geulah a reality
By accepting Moshiach, the Rebbe as our king
Together let us all continue to sing

Yechi Adoneinu Moreinu V'Rabeinu Melech haMoshiach l'olam va'ed [x2]

(Chorus until end)
