

# Still Ballin'

## Master P

We some No Limit Soldiers  
You see No Limit is an army  
We some No Limit Soldiers  
You see No Limit is an army  
Nigga what what bitches callin' my name  
Homies hut hut No Limit still in the game  
See I'm a money making nigga like Bill Gates  
Me and my lil' cousin toss bitches from state to state  
Lil' Beezy he off the heezy  
He in the threezy smoking weezy  
I don't give a fuck about you hatin' I'm chasin' fortune and fame  
I got every ghetto bitch screamin' my name  
Nigga rap in the South I started that  
It wasn't cool to be country 'til I brought it back  
Now y'all boys know y'all can't mess with me  
'Cause No Limit is a part of history  
We some No Limit Soldiers  
You see No Limit is an army  
We some No Limit Soldiers  
You see No Limit is an army  
I seen a nigga catch 30 rounds and live through it  
You could tell he was a soldier and he knew it  
Fuckin' wit me, my niggaz [Incomprehensible]  
Fuckin' wit me you better not leave the club  
All it takes is some Hennessey and I'm gone  
Dressed in all back bitch I'm bout to follow you home  
With my chopper, I release anger  
Runnin' off in the dark like strangers  
I don't give a fuck nigga if you like me  
I told the same thing, I'm way [Incomprehensible]  
It's easy to bust a niggas skull plate  
Half of you haters go to jail quick and to the state  
You ain't ready  
Out of control ever since I got out the hold  
Fuck a P.O. I ain't got time for parole  
My nine it explodes every time it's exposed  
Once you see it you get it that's how No Limit rolls  
Fold in your doors and hit you while you dead on the floor  
Excuse me miss but we gotta take him straight to the morgue

Talkin' the talk knowin' he ain't walkin' the walk  
Fuckin' with him is like me fuckin' with pork  
I'm holdin' the fort for every person reppin' New York  
Niggas front on No Limit ya ass is out when you caught  
Fuck what you thought they'll find you lying dead on the porch  
Clothes soiled as your body, red as your heart  
We some No Limit Soldiers  
You see No Limit is an army  
We some No Limit Soldiers  
You see No Limit is an army  
We still ballin' so fuck what you think  
You broke niggaz keep hatin' you can't stop the tank
