

Everlasting Neverendless

Echo & The Bunnymen

Everlasting, neverendless
Moments lost in time
Everlasting, they can send us
Will be yours and mine
And mine and mine Don't look down See this through
Or we could watch it die
Me and you
Saying our last goodbyes
Goodbye, baby
Goodbye, baby, goodbye Hear us calling
Ever crying
Wonder when it stops Don't look down See this through
Or we could watch it die
Me and you
Saying our last goodbyes
Goodbye, baby
Goodbye, baby, goodbye See this through
Me and you
See this through
Me and you
