

# My Saturn

## Rozwell Kid

I was gonna drive,  
I was gonna drive,  
I was gonna cruise around.  
I was gonna speed,  
I was gonna speed,  
I was gonna get around.

But now, I can't  
I'm stuck  
No, my Saturn's dead,  
My Saturn's dead,  
My Saturn's dead and I'm alone at home.

I was gonna pick,  
I was gonna pick,  
I was gonna pick her up.  
I was gonna take,  
I was gonna take,  
I was gonna take her out.

But now, I can't  
I'm stuck  
No, my Saturn's dead,  
My Saturn's dead,  
My Saturn's dead and I'm alone at home.

Come on. Come on. Come on.  
Drive mother fucker  
  
No, my Saturn's dead,  
My Saturn's dead.  
My Saturn's dead and I'm alone at home.
