

Let It Roll

Molotov

I'm about sick of all the shit that's flying
And I'm about sick of all the people that's lying
Cause' you know, cause' you know I ain't about to be trying
To hear about the shit that you identify with
You hassle like a school girl in class
Running around shiffing behind everybody's ass
You try to predict like a motherfuckin' psychic
We do what we do, when we do it, cause' we like it
Now who's eyes you trying to pull the wool over
Yesterday i was drunk but now I'm sober
Take that to your programs mitch
You talk like a goddamn bitch
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Ahora si se ve le dan programamas a quien sea
El es el gato del carnal de las estrellas,
Sales en la tele con rumores y tus quejas,
Gacho, que tengas una vida tan pendeja
Quiero aprender a leer y a escribir
pero no tengo libros de texto
pero a los meetings yo voy muy feliz
porque voy con mi torta, con mi fresco
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Let it roll, Let it roll, Let it roll
Let it go gringo
Si del cielo caen limones aprende a hacer limonada
Si no tienes que hacer vente a hacer una mamacita
fijese que una mala lengua me dijo
que MOLOTOV se separa y Elvis sigue vivo
Timbiriche se reune ay! No te choca
Por besar tanto culo ya te apesta la boca
Let it roll, Let it roll, Let it roll
Let it go gringo
