Sticks & Stones

Toxic Lab Rats

I donâ€™t wanna go through this shit again
Waiting years for this to end
Iâ€™ve never seen the good in you
Canâ€™t say Iâ€™ve not been trying to
Sticks â€˜nâ€™ stones you broke my bones
I didnâ€™t call you my friend back then
Iâ€™d never thought you sink that low
I smelled the rat a long time ago

Hey hey bastard
Saying â€“ Whatâ€™s up with you
Thinking â€“ Whatâ€™s your problem
Saying â€“ Good to see you too

I thought the years would treat you well
But itâ€™s not for you to tell
Getting tired of your freak show
Youâ€™re still the fucker I used to know

Hey hey bastard
Saying â€“ Whatâ€™s up with you
Thinking â€“ Whatâ€™s your problem
Saying â€“ Good to see you too

Hey hey bastard
Saying â€“ Whatâ€™s up with you
Thinking â€“ Whatâ€™s your problem
Saying â€“ Good to see you too

Hey hey bastard
Saying â€“ Whatâ€™s up with you
Thinking â€“ Whatâ€™s your problem
Saying â€“ Well fuck you too
