# Daisychain

## Matthew Sweet

Daisychain
After I'm done, she's gone
After I'm done, she's gone away
The lazy rain
Follows a violent storm
That finally found the form to say goodbye
Do the words rolling off her tongue
Promise to be young
Promise to be younger
Many things
I'll never know for sure
After I'm done, she's gone awayDo the words
Rolling off her tongue
Promise to be young
Promise to be younger
To be younger
Many things
I'll never know for sure
After I'm done, she's gone away
Daisychain
After I'm done, she's gone
After I'm done, she's gone away
She's gonna bathe herself in sunlight
