

# Daisychain

Matthew Sweet

Daisychain  
After I'm done, she's gone  
After I'm done, she's gone away  
The lazy rain  
Follows a violent storm  
That finally found the form to say goodbye  
Do the words rolling off her tongue  
Promise to be young  
Promise to be younger  
Many things  
I'll never know for sure  
After I'm done, she's gone away Do the words  
Rolling off her tongue  
Promise to be young  
Promise to be younger  
To be younger  
Many things  
I'll never know for sure  
After I'm done, she's gone away  
Daisychain  
After I'm done, she's gone  
After I'm done, she's gone away  
She's gonna bathe herself in sunlight
