This Is Such A Pity

Weezer

How is your heart little darlin'?
I didn't mean to get so mad
Let me just hold you closely
How did things get so bad?I know how to pick on you
You pushed me over the edge
We caused so much agony
We can't seem to move aheadThis is such a pity
We should give all our love to each other
Not this hate that destroys us
This is such a pityWhat kind of future will we have
Will we ever find peace?
Everybody thinks we're crazy
They're about to call the policeI don't want to be a chump
You think I'm a fascist pig
Right now everything is black
I don't think we'll ever getThis is such a pity
We should give all our love to each other
Not this hate that destroys us
This is such a pityThis is such a pity
We should give all our love to each other
Not this hate that destroys us
This is such a pityThis is such a pity
We should give, we should give
Our love, our love, our love
Our love, our love, our love
