Dance With You

LIVE

Sittin' on the beach
The island king of love
Deep in Fijian Seas
Deep in some blissful dream
Where the goddess finally sleeps
In the lap of her lover
Subdued in all her rage
And I'm aglow with the taste of the demons driven out
And happily replaced with the presence of real love
The only one who savesI wanna dance with you
I see a world where people live and die with grace
The karmic ocean dried up and leave no trace
I wanna dance with you
I see a sky full of the stars that change our minds
And lead us back to a world we would not face
The stillness in your eyes
Convinces me that I
I don't know a thing
And I been around the world and I've tasted all the wines
A half a billion times came sickened to your shores
You show me what this life is forI wanna dance with you
I see a world where people live and die with grace
The karmic ocean dried up and leave no trace
I wanna dance with you
I see a sky full of the stars that change our minds
And lead us back to a world we would not faceIn this altered state
Full of so much pain and rage
You know we got to find a way to let it go
Sittin' on the beach
The island king of love
Deep in Fijian Seas
Deep in the heart of it all where the goddess finally sleeps
After eons of war and lifetimes
She smilin' and free, nothin' left
But a cracking voice and a song, oh lordI wanna dance with you
I see a world where people live and die with grace
The karmic ocean dried up and leave no trace
I wanna dance with you
I see a sky full of the stars that change our minds

And lead us back to a world we would not faceWe would not face
We would not face
We would not face
We would not face
We would not face
