

# Birthday

## The Sheepdogs

They tell me it's my birthday  
Come for games and pie  
You can take some cake home, but don't take my mind  
It happens every birthday  
Wearing a happy crown  
Over expectations are bringing me downChorus  
Well I'm having a birthday  
My friends are here and everything's fine  
Though I'm having a birthday, I can't get you off my mind  
I can't get you off my mindWelcome to my birthday  
Help yourself to the wine  
No, I won't be drinking, I don't feel it's time  
Balloons stand from the ceiling  
Steaks on the closeline  
Pin the tail on the donkey, right on his behindChorus  
Well I'm having a birthday  
My friends are here and everything's fine  
Though I'm having a birthday, I can't get you off my mind  
I can't get you off my mind, I can't get you off my mindChorus  
Well I'm having a birthday  
My friends are here and everything's fine  
Though I'm having a birthday, I can't get you off my mind  
I can't get you off my mind, I can't get you off my mind  
I can't get you off my mind
